ARTICLE V

MEMBERSHIP AND VOTING RIGHTS

Section 1. Membership. Every Owner of a Lot shall automatically become a Member of the Association upon the acquisition of fee simple title to such Lot by filing a deed therefor in the Public Records of the County. Membership in the Association shall be appurtenant to and may not be separated from the ownership of the Lots in the subdivision. Membership in the Association with respect to each Lot shall continue until such time as the Member transfers or conveys of record his interest in such Lot or such Member's interest in such Lot is transferred or conveyed by operation of law, at which time such member's membership in the Association, with respect to the Lot conveyed, shall automatically be conferred upon such transferee. The foregoing is not intended to include transfers of interests in Lots to persons who hold an interest in the Lot merely as security for the performance of an obligation of an Owner, and the giving of a security interest in a Lot shall not terminate the Owner's membership in the Association. No person or entity holding an interest of any type or nature whatsoever in any Lot as security for the performance of an obligation of an Owner shall be a Member.

Section 2. Voting. The Association shall have two (2) classes of voting membership as follows:

- (a) Class A: Class A Members shall originally be all Owners with the exception of the Developer for so long as there exists a Class B Membership. In the event a Lot is owned by more than one individual or by a corporation or other entity, the Owner(s) shall file a certificate with the Secretary of the Association naming the person authorized to cast votes for such Lot. If the certificate is not on file, the Owner(s) of such Lot shall not be qualified to vote and the vote of such Owner(s) shall not be considered nor shall the presence of such Owner(s) at a meeting be considered in determining whether the quorum requirement has been met. Such certificate shall be valid until revoked or until superseded by a subsequent certificate or until a change in the ownership of the Lot concerned takes place. If a Lot shall be owned by husband and wife as tenants by the entirety, no certificate need be filed with the Secretary naming the person authorized to cast votes for such Lot, and either spouse, but not both, may vote in person or by proxy and be considered in determining whether the quorum requirement has been met at any meeting of the Members, unless prior to such meeting either spouse has notified the Secretary in writing

that there is a disagreement as to who shall represent the Lot at the meeting, in which case the certificate requirements set forth above shall apply.

(b) Class B: The Class B Member shall be the Developer. The Class B Member shall be entitled to three (3) votes for each Lot owned on all matters submitted to a vote of the Members of the Association. The Class B Membership shall cease and be converted to Class A Membership upon the happening of any of the following events, whichever occurs earlier:

- (i) When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership; or
- (ii) Three months after 90 percent of the Lots in all phases of the community that will ultimately be operated by the Association have been conveyed to Lot Owners by the Developer.

The total number votes outstanding in both classes of voting membership shall be calculated based upon the total number of Lots subjected to the terms of the Declaration in all phases of the community, and shall change when the subdivision plat for Lithia Ranch Subdivision Phase II is approved and recorded.

ARTICLE VI

CORPORATE EXISTENCE

The Association shall have perpetual existence.

ARTICLE VII

BOARD OF DIRECTORS

Any person may hold two offices, except that the same person shall not hold both the offices of President and Vice President. Officers shall have such duties, responsibilities, and powers as provided by the Bylaws and shall serve at the pleasure of the Board.

The Officers named in this Article VIII shall serve until replaced by the Developer or until the first regular meeting of the Board of Directors, whichever shall occur first. Officers elected at the first meeting of the Board shall hold office until the next annual meeting of the Board of Directors and until their successors shall have been appointed and have qualified. Until such time as the Developer relinquishes control of the Association as described in the Declaration, no Officer elected by the Board shall serve the Association until such time as the Developer approves the Officer. Upon the election by the Board of Directors, whether the election occurs at an annual meeting or otherwise, the Board shall forthwith submit the name(s) of the newly appointed Officer(s) in writing to the Developer. The Developer shall approve or disapprove such Officer(s) within twenty (20) days after receipt of such name(s). In the event the Developer fails to act within such twenty (20) day period, such failure shall be deemed to be approval by the Developer. This paragraph shall not be construed to preclude the Developer or the Board from making changes to the Lots, Common Areas or Association Property where such changes are necessary to the safety, preservation and well-being of the community. In such event, the Developer and the Board are required to use professional engineering advice and make such advice available to each of the owners. All lots must comply with this Section, including lots for which an exception to filling of the lots in a Flood Zone "A" area is allowed.

Section 3.21 Liability of Owners. Each Owner shall be liable to the Association for any damage to any of the Common Area or to any of the equipment or Improvements thereon which may be sustained by reason of the negligence or willful misconduct of the Owner or his family, relatives, guests or invitees, both minors and adults.

of construction of any Improvement on his or her Lot, to comply with the construction plans for the Surface Water Management System pursuant to Chapter 40D-4, F.A.C., approved and on file with the Southwest Florida Water Management District ("SWFWMD"). The Lot Owners shall not remove native vegetation (including cattails) that becomes established within any wet detention ponds abutting their Lots. Removal includes dredging, the application of herbicide, cutting, and the introduction of grass carp. Lot Owners should address any question regarding authorized activities within the wet detention ponds to SWFWMD Tampa Regulation Department and the Environmental Protection Commission (EPC) with regard to the delineated wetland areas including the buffers and wetland setback areas. No Lot Owner may construct or maintain any Improvement or undertake or perform any activity in the buffer areas, drainage easements areas, Detention or Retention areas, with regard to any delineated wetland areas, buffers or wetland setback areas, described in the approved permit and recorded maps or plats of the Subdivision, unless prior written approval is received from the SWFWMD Tampa Permitting Department pursuant to Chapter 40D-4, F.A.C.

Section 4.2 Maintenance of Surface Water Management System. For the first two years after initial approval from SWFWMD the Developer, and thereafter the Association, shall operate, maintain, and keep in good repair the Surface Water Management System. The Developer, Association, and/or its agents or employees shall have an easement for ingress and egress over each Lot for the purpose of carrying out its duty to maintain the Surface Water Management System. Additionally, no Lot Owner shall in any way alter or modify the Surface Water Management System or construct or permit to exist on any Lot any improvement which would obstruct or otherwise interfere with the Surface Water Management System.

Section 4.3 The Southwest Florida Management District has the right to take enforcement measures, including a civil action for injunction and/or penalties against the Association to compel it to correct any outstanding problems with the Surface Water Management System facilities.

Section 4.4 If the Association ceases to exist, all of the Lot Owners shall be jointly and severally responsible for operation and maintenance of the Surface Water Management System facilities in accordance with the requirements of the Environmental Resource Permit, unless and until an alternate entity assumes responsibility therefore, and the Southwest Florida Water Management District approves the assumption of liability by such alternate entity.

ARTICLE V

Each of the following easements, in addition to those that may now or hereafter be shown on any recorded map or plat of the Property or in any other document filed as to any part of the Property, are hereby reserved and otherwise created and conveyed in favor of the Association, all Owners, the Developer, and their respective licensees, invitees, grantees, and assigns, and are covenants and servitude's running with the title to the Property:

(d) Construction. An easement to enter upon, over, through, and across and use any necessary portion of the Property in connection with any construction on the Property authorized by the Developer.

Section 5.2 Easements for the Developer. An easement is hereby reserved throughout the Common Area, including, without limitation, the streets and the easements shown on the recorded map or plat of the Property, by the Developer, for its use and the use of its agents, employees, licensees, and invitees, for all purposes in connection with the development, marketing, and sale of the Property.

No structure, shrubbery, trees, bushes or other material may be placed or permitted to remain which may damage or interfere with the installation and maintenance of the utilities, or affect access to the easement areas for operation and maintenance. Such Easements and rights of way shall be continuously maintained by the Owner of the Lot, except for improvements or maintenance which a public authority or utility company is responsible.

ARTICLE VI

HOMEOWNERS ASSOCIATION

The Developer has caused Lithia Ranch Homeowners Association, Inc., a Florida not for profit corporation, to be incorporated. The Association shall have the duties imposed in the Articles and Bylaws of the Association and in accordance with this Declaration. The Association is or will become vested with primary authority and control over all of the Common Area. The Association is the organization with the sole responsibility to make and collect charges and assessments from all Owners in accordance with Article X of this Declaration.

ARTICLE VII

MEMBERSHIP AND VOTING RIGHTS

Section 7.1 Membership. Every Owner of a Lot shall automatically become a Member of the Association upon the acquisition of fee simple title to such Lot by filing a deed therefor in the Public Records of Hillsborough County, Florida. Membership in the Association shall be appurtenant to and may not be separated from the ownership of the Lots in the Subdivision. Membership in the Association with respect to each Lot shall continue until such time as the Member transfers or conveys of record his interest in such Lot. Such Member's membership in the Association, with respect to the Lot conveyed, shall automatically be conferred upon such transferee. The foregoing is not intended to include transfers of interests in Lots to persons who hold an interest in the Lot merely as security for the performance of an obligation of an Owner, and the giving of a security interest in a Lot shall not terminate the Owner's membership in the Association. No person or entity holding an interest of any type or nature whatsoever in any Lot as security for the performance of an obligation of an Owner shall be a Member.

Section 7.2 Voting. The Association shall have two classes of voting membership as follows:

(a) Class A: Class A Members shall originally be all Owners with the exception of the Developer for so long as there exists a Class B Membership. Class A members shall have one (1) vote for each Lot owned on all matters submitted to a vote of the members of the Association. In the event a Lot is owned by more than one individual or by a corporation or other entity, the Owner(s) shall file a certificate with the Secretary of the Association naming the person authorized to cast votes for such Lot. If the certificate is not on file, the Owner(s) of such Lot shall not be qualified to vote and the vote of such Owner(s) shall not be considered nor shall the presence of such Owner(s) at a meeting be considered in determining whether the quorum requirement has been met. Such certificate shall be valid until revoked or until superseded by a subsequent certificate or until a change in the ownership of the Lot concerned takes place. If a Lot shall be owned by husband and wife as tenants by the entirety, no certificate need be filed with the Secretary naming the person authorized to cast votes for such Lot, and either spouse, but not both, may vote in person or by proxy and be considered in determining whether the quorum requirement has been met at any meeting of the Members, unless prior to such meeting either spouse has notified the Secretary in writing that there is a disagreement as to who shall represent the Lot at the meeting, in which case the certificate requirements set forth above shall apply.

(b) Class B: The Class B Member shall be the Developer. The Class B Member shall be entitled to three (3) votes for each Lot owned on all matters submitted to a vote of the members of the Association. The Class B Membership shall cease and be converted to Class A Membership upon the happening of any of the following events, whichever occurs earlier:

(1) When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership; or

(2) Three months after 90 percent of the Lots in all phases of the community that will ultimately be operated by the Association have been conveyed to Lot Owners by the Developer.

The total number votes outstanding in both classes of voting membership shall be calculated based upon the total number of Lots subjected to the terms of this Declaration.

ARTICLE VIII

RIGHTS, DUTIES, AND OBLIGATIONS

Section 8.1 Rights, Duties, and Obligations of the Association. Except as otherwise provided herein, the operation of the Common Area shall be vested in the Association and exercised pursuant to the Association documents. Every Owner, whether they have acquired their ownership by purchase, gift, conveyance, or transfer by operation of law, or otherwise, shall be bound by the Association documents. The share of an Owner in the funds and assets of the Association may not be assigned, hypothecated, or transferred in any manner except as an appurtenance to their Lot. No Owner, except as a duly authorized Officer or Director of the Association, shall have any authority to act for or on behalf of the Association.

The powers and duties of the Association shall include those set forth in the Articles and Bylaws, but, in addition thereto, the Association shall have all the powers and duties set forth in Chapters 617, Florida Statutes, as well as all powers and duties granted to or imposed upon it by the Articles, the Bylaws and by this Declaration. In the event of any conflict, this Declaration shall take precedence over the Articles of Incorporation, Bylaws, and applicable Rules and Regulations. The Articles shall take precedence over the Bylaws and applicable Rules and Regulation; and the Bylaws shall take precedence over applicable Rules and Regulations, as all of the same may be amended from time to time.

Section 8.2 Implied Rights. The Association may exercise any other right or privilege expressly given to it in this Declaration, the Articles, or the Bylaws, and every other right or privilege reasonably to be implied from the existence of any right or privilege given to it in this Declaration or reasonably necessary to effectuate any such right or privilege.

Section 8.3 Temporary Committees. The Developer, prior to turnover of the Association, at its sole discretion, may create temporary committees for the purpose of aiding in the transition of the Association from Developer control to control by the Membership.

Section 8.4 Right to Abate Violations. The Association or the Developer, prior to the Turnover Meeting, and the Association thereafter, after reasonable notice and opportunity to cure a violation given to an Owner, may enter upon a Lot for the purposes of curing the violation. The cost thereof shall be charged against the Owner as a Special Assessment.

Section 8.5 Insurance Risks. Nothing shall be done or kept on a Lot or on the Common Area which would increase the rate of insurance relating thereto without the prior written consent of the Association, and no Owner shall permit anything to be done or kept on his Lot or the Common Area which would result in the cancellation of insurance on any residence or on any part of the Common Area, or which would be in violation of any law.

ARTICLE IX

RULES AND REGULATIONS

Section 9.1 The Board of Directors of the Association may, from time to time, adopt rules and regulations pertaining to the use of the Lots in the Subdivision pursuant to the provisions of the Bylaws. However, as long as the Developer owns a Lot in the Subdivision, no such Amendment may be made without the consent of the Developer.

Section 9.2 The Developer, as long as it owns a Lot, without the joinder or approval of the Association, the Board or the Membership, may record any amendment to this Declaration without the approval of the Association, the Board, or the Membership. This right of amendment is in addition to, and not as a limitation of, the amendment procedure described in Section 16.3.

Section 9.3 The Developer, so long as it owns any Lots in the subdivision, and thereafter the Board of Directors of the Association, may establish such additional rules and regulations as may be deemed for the best interests of the Association and its Members for purposes of enforcing the provisions of this Article IX.

Section 9.4 The Developer shall have the right at any time within seven years from the date of this Declaration to amend this Declaration to correct scrivener's errors and to clarify any ambiguities determined to exist in this Declaration.

ARTICLE X

ASSESSMENTS AND LIENS

Section 10.1 Creation of the Lien and Personal Obligation of Assessments. The Developer, for each Lot owned within the Subdivision, hereby covenants, and each Owner of any Lot, by acceptance of a deed whether or not it shall be so expressed in such deed or by joinder in this Declaration, is deemed to covenant and agree, to pay to the Association annual assessments or charges, and special assessments, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest thereon, costs of collection thereof, and reasonable attorney's fees, shall be a charge on and secured by a continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person or entity that was the Owner of such Lot at the time when the assessment became due and payable.

Section 10.2. Purpose of Assessments. The assessments levied by the Association shall be used for:

- (a) the management of the Association;
- (b) the maintenance, repair, and operation of the Common Area, specifically including, but not limited to, the Surface Water Management System;

- (h) the cost of any other services contracted for by the Association or the Developer on behalf of the Owners.

Section 10.3 Basis and Collection of Annual Assessments. The Association, through its Board of Directors, shall annually estimate the Common Expenses it expects to incur and shall assess the Members sufficient monies to meet this estimate. It shall be the duty of the Board, at least 60 days, but no more than 90 days, prior to the commencement of the fiscal year, and at least 30 days before the annual meeting of the Board at which the budget shall be presented to the Members of the Board, to prepare a budget covering the estimated costs of operating the Association during the coming year. The Board shall cause a copy of the budget and the amount of the assessments to be levied against each Member for the following year to be delivered to each Member of the Association at least fourteen (14) days prior to the meeting. The budget and the assessment shall become effective upon approval by a majority of the members of the Board of Directors present at the budget meeting at which there is a quorum as defined in the Bylaws.

Section 10.4 Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of any capital improvement, including, but not limited to, the Surface Water Management System, within the Subdivision, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 10.5 Special Assessment for Required Lot Maintenance. In addition to the annual assessments and special assessments authorized above, the Association may levy from time to time, a special charge or assessment necessary to defray the cost of required maintenance on any Owner's Lot as set forth in Article III, Section 6., of this Declaration. A special assessment for required maintenance might be levied by a majority vote of the Board of Directors, the amount of which shall not exceed the reasonable cost of performing such required maintenance.

Section 10.6 Notice and Quorum for any Action Authorized under Section 10.4. Written notice of any meeting called for the purpose of taking any action authorized under Section 10.4 shall be sent to all Members not less than 14 days nor more than thirty 30 days in advance of the meeting. At the first such meeting called, the presence of Members or of proxies entitled to cast 60% of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be 50% of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the proceeding meeting.

Section 10.7 Uniform Rate of Assessment. Both annual assessments and special assessments for capital improvements shall be fixed at a uniform rate for all Lots and may be collect on a monthly basis.

Section 10.8 Date of Commencement of Annual Assessments; Due Dates. Except as otherwise provided for herein, the annual assessments shall commence as to all Lots on the 15th day of month following the conveyance of the first Lot within the Real Property by the Developer. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the

annual assessment against each Lot at least 30 days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The Board of Directors shall establish the due dates. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an Officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 10.9 Developer's Obligation for Assessments. Notwithstanding anything contained herein to the contrary, the Developer shall not be obligated to pay any regular or special assessments for the Lots owned by the Developer and there shall be no lien on Lots owned by the Developer for such nonpayment. The Developer may, however, at its option by written notice to the Association, decide at any time to commence payment of assessments in the amount paid by non-developer Lot Owners, which shall then be the Developer's sole responsibility for the payment of assessments hereunder

Section 10.10 Effect of Nonpayment of Assessments; Remedies of the Association. Any assessment not paid within 30 days after the due date shall bear interest from the due date at the rate of 12% per annum. The Association may bring an action at law against the Owner personally obligated to pay the same and/or foreclose the lien against the Owner's Lot. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of their Lot. The Association shall be entitled to recover from the Owner all costs and expenses incurred in the collection process, including, but not limited to, reasonable attorney's fees and court costs.

Section 10.11 Assessments Made to Finance Litigation Against the Developer. In the event the Association, on its behalf or on behalf of some or all of its Members, commences to or seeks to commence litigation against the Developer or Developer's permittees based on matters related to the Property and in regard to such litigation attempts to levy an assessment of any nature to finance such contemplated or actual litigation or an appeal therefrom, that portion of the Property which is owned by the Developer shall be exempt from such assessment. Nothing contained in the foregoing shall relieve the Developer of its obligation to pay other assessments on the Property where required to do so, provided such assessments are not used for the purpose of financing litigation, or appeals therefrom, against the Developer.

ARTICLE XI

ARCHITECTURAL CONTROL

Section 11.1 Architectural Review by the Developer. The Developer shall have exclusive jurisdiction in aesthetic matters over all original construction on any portion of the Property. The building standards shall include those set forth in Article III of this Declaration, and may consist of additional standards and procedures implemented by the Developer for as long as the Developer owns any Lot in the Subdivision, and thereafter by the Association. The Developer shall have full authority to prepare and to amend such standards and procedures, as it deems appropriate. The Developer may, in its sole discretion, impose standards for construction and development, which may be greater or more stringent than local standards prescribed in applicable building, zoning, or other local governmental codes. The Developer will create and form an Architectural Review Board ("A.R.B") to enforce and monitor any issues assigned to the A.R.B. The rights retained herein by the Developer shall be assigned and transferred to the Association, by operation of law, immediately upon the Developer's conveyance of the Developer's last Lot in the subdivision.

Section 11.2 Architectural Review Board. The Architectural Review Board (the "A.R.B.") shall consist of at least two and of no more than five members, all of whom shall be appointed by the Developer (so long as Developer owns at least one Lot), and thereafter shall be appointed by the Board of Directors. The A.R.B. shall have exclusive jurisdiction over initial construction of Improvements, modifications, additions, or alterations made on or to existing Improvements in the Subdivision and the open space, if any, appurtenant thereto. The Developer has veto power and the right to override any decisions the A.R.B. makes so long as any one of the following apply:

1. The developer owns a lot in the subdivision; or
2. The decision of the Developer and/or the A.R.B. does not conflict with the original guidelines described in all sections and Articles pertaining to Architectural control.

No permission or approval shall be required to repaint in accordance with an originally approved color scheme or to rebuild or replace in accordance with originally approved plans and specifications. Nothing contained herein shall be construed to limit the right of an Owner to remodel the interior of their residence or to paint the interior of their residence any color desired.

Section 11.3 A.R.B. Approval Guidelines. The Association may alter building standards to current styles and colors, with a special meeting and a 90% approval vote of the membership, only after the Developer no longer owns a lot in the subdivision.

(a) All colors for any Improvement(s), painted or otherwise, will be approved on a lot-by-lot basis, in accordance with each Lot's house color scheme, and in accordance with the date of first submittal to the A.R.B., with priority afforded to the first Owner to file complete plans for approval. No adjoining Lots shall be allowed to use the same color scheme.

(b) Allowable permanent and temporary storage building materials and exterior finishes: concrete block; stucco or strut block; vinyl siding; and wood siding.

(c) Yard fixtures, statues and seasonal ornaments are permitted provided that they are aesthetically pleasing, and regularly maintained. Notwithstanding the foregoing, if the Association has concerns as to the appearance, traffic or unwanted activity within the subdivision, the Association may hold a special meeting of the Board of Directors to discuss possible solutions for its concerns of the item(s), and may, upon a majority vote of the Directors attending said meeting, impose temporary, emergency restrictions upon the same pursuant to Section 3.18, Section 8.4, and Section 9.1.

Section 11.4 Method of Obtaining A.R.B. Approval. Prior to the application for a permit for construction of an Improvement of any kind on a Lot, A.R.B. approval of such construction must first be obtained. In order to obtain the approval of the A.R.B., two complete sets of plans and specifications for the proposed construction and landscaping shall be submitted to the A.R.B. for its review. Such plans and specifications shall include, as appropriate, the proposed location, grade, elevations, shape, dimensions, exterior color plans, and nature, type and color of materials to be used. The A.R.B. may also require the submission of additional information and materials as may be reasonably necessary for the A.R.B. to evaluate the proposed construction, landscaping or alteration. The A.R.B. shall evaluate all plans and specifications utilizing the standards of the highest level as to the aesthetics, materials and workmanship, and as to the suitability and harmony of location, structures and external design in the relation to the surrounding topography, structures and landscaping. The A.R.B. shall not be responsible for reviewing, nor shall its approval of any

plans and specifications be deemed approval of any plan or design from the standpoint of structural safety or conformance with building codes.

Section 11.5 Approval or Disapproval by the A.R.B. The A.R.B. shall have the right to refuse to approve any proposed plans or specifications which, in its sole discretion, are not suitable or desirable. Any and all approvals or disapprovals of the A.R.B. shall be in writing and shall be sent to the respective Lot Owner. In the event the A.R.B. fails to approve or disapprove in writing any proposed plans and specifications within 30 days after submissions to the A.R.B. of such plans and specifications and any and all other reasonably requested information and materials related thereto, then upon written notice to the A.R.B. (after the expiration of said 30 days) by the applicant, and the expiration of ten days from the date of the applicant's said written notice without a written approval or rejection being issued by the A.R.B., said plans and specifications shall be deemed to have been approved by the A.R.B., and the appropriate written approval delivered forthwith.

ARTICLE XII

AGRICULTURAL CONTROL

Section 12.1 Agricultural Review by Developer. The Developer shall have exclusive jurisdiction over all agricultural matters on any portion of the Property. The Agricultural standards shall include those set forth in Article III of this Declaration, and may consist of additional standards and procedures created and implemented by the Developer for so long as the Developer owns any Lot in the Subdivision, and thereafter as created and implemented by the Association's Agricultural Committee. The Developer shall have full authority to prepare and to amend such standards and procedures, as it deems appropriate. The Developer and the Ag. Committee may, in its sole discretion, impose standards which may be greater or more stringent than local County standards prescribed in applicable zoning or other local government codes and agricultural uses. The Developer will create and form an Agricultural Committee (Ag. Committee) to enforce and monitor any issues assigned to the Ag. Committee. The rights retained herein by the Developer shall be assigned and transferred to the Association, by operation of law, immediately upon the Developer's conveyance of the Developer's last Lot in the subdivision.

Section 12.2 The Agricultural Committee. The Agricultural Committee (Ag. Committee) shall consist of at least two and of no more than five members, all of whom shall be appointed by the Developer (so long as Developer owns at least one lot), and thereafter shall be appointed by the Board of Directors of the Association. The Developer has the right to Veto or override decisions made by the Ag. Committee, for so long as the Developer owns a lot in the subdivision. Subject to the rights reserved by the Developer in Section 12.1 above, the Ag. Committee shall have exclusive jurisdiction over any agricultural use issues in the subdivision and the open space, if any, appurtenant thereto.

No permission or approval shall be required to re-stock or replace previously approved agricultural animals, plants, citrus, etc.

Section 12.3 Ag. Committee Approval Guidelines. The Association may alter Agricultural standards with a special meeting and a 90% approval vote of the membership, only after the Developer no longer owns a lot in the subdivision.

- a) Animals/pets will be restricted and limited, per lot, on a case by case basis, depending on the type of animals and the owners intended use for such animals.

- b) Out buildings used for agricultural use, cages, pens, corrals, cross fencing, etc. are allowable, both permanent and temporary, with A.R.B. approval.
- c) Vegetables, citrus, plants, trees, etc. allowable depending on owners intended use for the planting, growing and distribution of above mentioned vegetation.
- d) Control of specific agricultural business due to traffic issues and minimal impact to the overall subdivision.

Section 12.4 Method of Obtaining Committee Approval. Prior to the Owner's application for ad valorem taxation based upon an Agricultural Commercial use or otherwise for any lot, Ag. Committee approval of such activities must first be obtained by Owner. In order to obtain the approval of the Ag. Committee, the lot owner must provide a written agricultural plan which details the Owner's intended agricultural use for the Lot. This agricultural plan must describe amount of acreage that will be utilized and the approximate number of plants, animals, etc., which, as a condition to approval of the proposed agricultural use the owner intends place on the acreage. The agricultural plan must also describe the estimated impact to the subdivision with regard to business hours, training hours, growing seasons, estimated, traffic impacts, anticipated to result from the intended agricultural activity. If any additional buildings, shops, corrals, pens or fences are to be constructed on the lot, drawings and locations shall be submitted with the agricultural plan, with the final approval of such improvements being obtained by the A.R.B. as described in Article III of this Declaration, as a condition preceding to approval of the proposed agricultural plan. The Ag. Committee may also require the submittal of additional information and materials as may be reasonably necessary for the Ag. Committee to evaluate the proposed agricultural matters. The Ag. Committee shall evaluate all submitted items utilizing the standards of the highest level as to aesthetics, materials, nuisance, odor, suitability and harmony of location of the agricultural activity, including external appearance in relation to the surrounding properties and lot owners. The Ag. Committee shall not be responsible for reviewing, nor shall its approval of any activities be deemed approval of any plan or design from the standpoint of structural safety or conformance with Hillsborough County zoning codes. The Developer and the members of the Ag. Committee shall not be responsible or liable to any persons for any loss or damage of any nature whatsoever arising out of or connection with the agricultural approvals or agricultural activities on lots.

Section 12.5 Approval or Disapproval by the Ag. Committee. The Ag. Committee shall have the right to refuse to approve any proposed agricultural activities for personal or commercial use, in its sole discretion, which are not suitable or desirable for the subdivision. Any and all approvals or disapprovals of the Ag. Committee shall be in writing and shall be sent to the respective Lot Owner. In the event the Ag. Committee fails to approve or disapprove in writing any proposed agricultural plan within 30 days after submissions to the Ag. Committee of such agricultural plan and all other reasonably requested information and materials related thereto, then upon notice to the Ag. Committee (after the expiration of said 30 days) by the applicant, and the expiration of ten days from said written notice without a written approval or rejection being issued by the Ag. Committee, said agricultural plans and specifications shall be submitted by the applicant, directly to the Developer for approval. The Developer may request additional information within 7 days of lot owner's submittal of the agricultural plan to the Developer. Developer shall have 14 days to approve or reject the lot owner's request for agricultural activities measured from the date of receipt by Developer of a completed agricultural plan which includes all supplemental information requested by the Developer. If approval or rejection, in writing, is not issued by the Developer, within 14 days of the date the Lot owner submitted to the Developer, said agricultural plan shall be deemed

to have been approved by the Ag. Committee and the Developer, and the appropriate written approval delivered forthwith.
